WHAT IS UAIPIT?

The geographic scope of Uaipit.com

Includes the countries of the European Union and the rest of Western Europe; also Latin America, the Caribbean, North America and some Asian countries

- <http://www.uaipit.com/en/index.php>

The international legal Portal of the University of Alicante on Intellectual Property and Information technology, created by the professors of the International Private Law Department and made up of a professional team of researchers, attorneys, computer programmers and translators who specialize in this area

AUDIENCE AND OBJECTIVE

- Uaipit is addressed to the university, business, and professional communities interested in intellectual property, new information technologies, and in information society Law
- The objective: to offer, from an international perspective, easily accessible and free quality services for teachers and researchers

WHAT DOES UAIPIT OFFER TO TEACHERS AND RESEARCHERS?

- Specialized, complete and updated information
- The possibility of collaboration with our research Project and of publication of your research results, with an ISBN for your Curriculum vitae
- Direct access to the most complete events calendar in the world of Patents (Eventex-Uaipit Project)
- The possibility of participating in the Annual Uaipit International Congress

Specialized, complete and updated information

Through five sections

- 1. Legislative documents
- 2 Case Law
- 3. Links
- 4. Publications
- 5. Courses, congresses, seminars and the Eventex Project, with the EPA-EPO)

In three languages: English, German, and Spanish

Grouped in the following categories:

- Patents and Invention Protection
- Distinctive signs Protection
- Copyright and related rights
- Information Society
- Competition Law
- International dispute resolution

Collaboration with our research Project and to publish your research results, with an ISBN for your Curriculum vitae

- Uaipit publishes books, articles, comments and research works.

Direct access to the most complete Event calendar in the world of Patents: The Eventex-Uaipit Project

- Made in collaboration with the European Patent Academy (EPA) and published on the Web site of the European Patent Office (EPO)
<http://www.epo.org/topics/ip-events.html>.
It is accessible from www.Uaipit.com
- More than 4000 events from all over the world about European Patents and events about patents taking place in Europe have been already been published on the web

Participate in the Annual Uaipit International Congress

- In the section: “*Uaipit International Congresses: Intellectual Property and Information Technology*”, we offer information about our congresses and workshops in order for you to update your knowledge and to foment the analyses and debate about important aspects of your specialization.
- In each Uaipit International Congress, an distinguished person, in gratitude for his or her contribution to Intellectual Property Protection and support for the Uaipit Project, will receive the Uaipit Distinction and will be appointed as a Member of Honor of the Uaipit.com Project.

WHAT IS NEW IN UAIPIT?

- A New Case Law Section
- The UNESCO chair on Copyright at the University of Alicante
- Direct access to the Multilingual Dictionary on Intellectual Property created by the Patent Office of the Republic of Bulgaria in collaboration with the EPO

The New Case Law Section

- This section offers Spanish and other European countries' Case Law, and access to Case Law websites of the Americas, Asia, European Union Case Law, and International Case law on IP and IT
- Uaipit has entered into an agreement with Darts-ip, in order to offer some of the most interesting Case law on trade marks and patents
- We offer to our users the opportunity to request other decisions you are interested in and that we do not have published on our web site, by contacting Darts-ip directly throughout Uaipit.

Click on our link "Contact *darts-ip*" located at "National Case Law- European countries" at Uaipit "Case Law IP Section"

The UNESCO Chair on Copyright at the University of Alicante

- Studies on copyright protection:
Organizing courses and seminars
- Research on Copyright protection

Direct access to the Multilingual Dictionary on Intellectual Property

- The dictionary has been created by the Patent Office of the Republic of Bulgaria in collaboration with the EPO. It translates and defines patent terms in several languages, including Bulgarian, English, and German
